

30th June 2017

Dear Parents/Carers,

As you know, Saint Christina's School had a very thorough Compliance and Educational Quality Inspection. Both went very well, thanks to the dedicated work of our staff and delightful cohort of children.

Inspections form a significant part of the Education Process. They afford us the opportunity to be independently assessed. They highlight success and draw attention to areas for development. They celebrate our children and give clear signposts for future development.

Our Inspections certainly met this criteria. Our new Headteacher, Miss Jenny Finlayson, and her Senior Leadership Team, now have a clear mandate. The Governing Body will play its part in monitoring and encouraging this work. We have one Recommendation to address. This will be done in a comprehensive and systematic manner and will form an agenda item until completion. Our Headteacher has already identified this area for development and it features in her School Development Plan, which will be circulated to parents next term.

We, the Governing Body, wish to congratulate the entire team at Saint Christina's for their diligence and unstinting work. We wish to thank the two teams of inspectors who conducted their enquiries in a determined and positive manner. They have our assurance that we are committed to the School and will address the one Recommendation with earnest zeal.

In conclusion, may I thank you, the Parent Body, for your support to Saint Christina's School. Thank you for entrusting your children to our care. They are the jewel in our crown.

May God bless you and them.

Yours sincerely

Joan McConnell
Chair of Governors
