Version	V2
Date Published	June 2018
Authorised by (if required)	Chair of Governors and Headteacher
Review/Update Date	June 2019
Responsible Area	Safeguarding Team

Amendments:

Date	Amendment
01/04/2017	Updated Child Sexual Exploitation (CSE) as per new statutory definition provided in Appendix A: page 93 of the Glossary of <i>Working Together to Safeguard Children</i> (HM Govt: March 2015 as amended 2017).

Safeguarding is the golden thread that runs throughout every aspect of the school. All our school policies are in support of this policy.

Safeguarding is everyone's responsibility. All who work, volunteer or supply services to our school have an equal responsibility to understand and implement this policy and its procedures both within and outside of normal school hours including activities away from school. All employees and volunteers should read this policy in conjunction with Part 1 of the latest version of *Keeping Children Safe in Education* (KCSIE), our Safer Recruitment Policy and Whistleblowing Policy, Children Missing from Education Policy, Staff Code of Conduct and The Teachers' Standards. Our approach at Saint Christina's is child-centred. We will always act in the best interests of the child. This policy takes full account of the child protection procedures agreed by the **Tri-Borough (Westminster, Hammersmith and Fulham, Kensington and Chelsea)** which is our Local Safeguarding Children's Board and statutory guidance **Working Together to Safeguard Children** (March 2015 as amended 2017).

Children Missing from Education: Our procedures regarding children missing from education comply with the Local Safeguarding Children's Board (LSCB) guidance and with KCSIE Sep 2016 and are detailed in this document.

Saint Christina's recognises it is an agent of referral and not of investigation. Any person may make a referral (including whistle blowing) to external agencies such as the Tri-Borough Local Safeguarding Children's Board or Local Authority Designated Officer (LADO) and the police, if necessary. Saint Christina's allows access for children's social care from the host local authority and, from the local authorities where the children reside in undertaking their safeguarding (Child Protections) duties.

Monitoring and review: This policy is subject to continuous monitoring, refinement and audit by Mr Simon Hirst (Deputy Headteacher) who is the Designated Safeguarding Lead (DSL) Mrs Louise Ellisdon (DDSL) and Mr Dan Burke (EYFS Phase Leader) who is the DSL for the Early Years Foundation Stage. The Governing Body will undertake a full annual review of this policy and procedures, inclusive of its implementation and the efficiency with which the related duties have been discharged. This discussion will be formally documented in writing. The Governing Body recognises the expertise staff build by undertaking safeguarding training and managing safeguarding concerns. As such, staff have the opportunity to contribute to and shape our safeguarding arrangements and child protection policy. Any deficiencies or weaknesses recognised in arrangements or procedures will be remedied immediately and without delay. All staff will be informed of the update/reviewed policy and it is made available to them in either a hard copy or electronically.

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

The Governing Body at Saint Christina's takes seriously its responsibility under Section 157 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support those children who are suffering harm.

Date Reviewed: June 2018

Date of Next Review: June 2019

Signed: *A. Gloag*

J. McConnell

Mr Alastair Gloag
Headteacher

Mrs Joan McConnell
Chair of Governors

This policy will next be reviewed no later than June 2019 or earlier if significant changes to the systems and arrangements take place, or if legislation, regulatory requirements or best practice guidelines so require.

KEY INTERNAL CONTACT DETAILS

Our School's Designated Safeguarding Lead (DSL) and the Deputy DSL, who are members of the Senior Leadership Team (SLT), have lead responsibility for child protection and are also the Prevent Officer and Deputy Prevent Officer responsible for the prevention of radicalisation, extremism and being drawn into terrorism. Their telephone numbers are prominently displayed in the school. Saint Christina's DSLs and Deputy DSL are:

Designated Safeguarding Lead (DSL) and Prevent Officer for the whole school

Mr Simon Hirst (Deputy Headteacher)

Telephone number: 0207 7722 8784

Email address: deputyhead@saintchristinas.org.uk

Designated Safeguarding Lead (DSL) for the Early Years Foundation Stage (EYFS)

Mr Dan Burke (EYFS Phase Leader)

Telephone number: 0207 7722 8784

Email address: eyfs@saintchristinas.org.uk

Deputy Designated Safeguarding Lead (DSL) and Deputy Prevent Officer for the whole school and Designated Teacher for Children in Care (Looked After Children)

Mrs Louise Ellisdon (KS2 Phase Leader)

Telephone number: 0207 7722 8784

Email address: year4@saintchristinas.org.uk

Designated Governor for Safeguarding and the Prevent Duty

Mrs Joan McConnell (Chair of Governors)

Telephone number: 020 8460 0437

Email address: headteacherspa@saintchristinas.org.uk

Westminster Diocese Safeguarding Coordinator

Eva Edohen evaedohen@rcdow.org.uk

020 7798 9350 or 07803 634236

KEY EXTERNAL CONTACT DETAILS

External responsibilities and therefore details of any external personnel named below may be subject to change without notification to the school.

The Tri-Borough Local Authority Designated Officer (LADO) * (for the Royal Borough of Kensington and Chelsea CKC), Hammersmith and Fulham and Westminster): Kembra Healy who can be telephoned on: 0208 753 5125 or 07823 532 538 or emailed at: kembra.healy@rbkc.gov.uk

If you are unsure of who to send it to send your concern in to any of these numbers for the tri-borough with the assurance that it will reach the right person. Referrals are dealt with by Child Protection Advisors who hold delegated LADO powers across all three boroughs.

Westminster: **0207 641 7668/** LADO@westminster.gov.uk

Allegations of abuse against a member of staff or a volunteer are reported to the LADO in accordance with the instructions in this policy and also Appendix 5. **see definition of the role and responsibilities of the LADO (Appendix 3)*

Printed copies of the Local Safeguarding Children Board (LSCB) procedures can be made available from the school office. The LSCB can be contacted as follows:

Telephone: 020 8753 3914 or 07739315388 or in writing to LSCB c/o 3rd Floor, (Pink Zone), Kensington Town Hall, Horton Street, London, W8 7NX. **Website:** <https://www.westminster.gov.uk>

The Borough of Westminster Children's Social Care (CSC) and the Tri-Borough Multi Agency Safeguarding Hub (MASH) for Children at Risk and Children in Need / Early Help / Intervention and Assessment Services

**If you are worried about a child or young person then telephone: 020 7641 4199
or email: accesstochildreancesservices@westminster.gov.uk**

Keeping Children Safe in Education (DfE: September 2016) **makes it clear that anybody can make a direct referral to the MASH including the LADO** in line with the referral threshold set by the Local Safeguard Children Board. If a child's situation does not appear to be improving the staff member with concerns should press for re-consideration.

We differentiate between '**children at risk**' who have suffered or are likely to suffer significant harm and '**children in need of additional support from one or more external agencies**' inclusive of '**Early Help Assessment**'. The DSL must immediately report such circumstances to **Children's Social Care/Tri-Borough Multi Agency Safeguarding Hub (MASH)** whose contact details are:

Child Protection Referrals, Consultation and Advice about a child/young person resident in Westminster Borough
Office hours Telephone: 0207 641 4000 Out of Hours Team Telephone (5.30pm to 9.00am and weekends): 0207 641 6000.

If a child is in immediate danger or left alone, you should contact the police or call an ambulance immediately on 999.
Police Child Abuse Investigation Team – call 101 Police Domestic Abuse Investigation Team – call 101

The Westminster Prevent Schools & Schools Officer for advice, guidance, training queries and referrals to Channel Panel for the prevention of radicalisation is Kiran Malik.

Direct Line: 0207 641 5071
Email: kmalik@westminster.gov.uk
Secure Email: kiran.malik@westminstercity.cjsm.net

The Westminster Prevent Education Officer is Julie Knotts.

Direct Line: 0207 641 8672 / 07940024366
Email: jknotts@westminster.gov.uk

The non-emergency police telephone number is: 111 and the Department for Education (DfE) dedicated telephone helpline and mailbox for non-emergency advice for staff and governors: 020 7340 7264 and counter-extremism@education.gsi.gov.uk.

If an adult working in our school has concerns or identifies a child as being at risk of radicalisation, the adult should immediately make a referral to our Designated Safeguarding Lead who is also our Prevent Officer who will consider the most appropriate referral which could include Channel or Children's Social Care. Although decisions to seek support for a child in need, or about whom there are concerns relating to radicalisation, would normally be taken in consultation with parents and children, their consent is not required for a referral when there are reasonable grounds to believe that a child is at risk of significant harm.

Female Genital Mutilation (FGM): Any child at risk of FGM must be referred to Children's Social Care. However, known cases are to be referred to the police by teachers. Police contact details are: For non-emergency 101 and for emergency calls 999. For advice and guidance telephone: 0800 028 3550 or Email: fgmhelp@nspcc.org.uk or contact the Tri- Borough advisor for FGM **Gourita Gibbs (Child Protection Adviser)**

Direct Line: 0207 641 1610
Email: ggibbs@westminster.gov.uk

NSPCC Child Protection Helpline: 0808 800 5000 **ChildLine:** Tel: 0800 1111 www.childline.org.uk

The **NSPCC whistleblowing helpline** is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00am to 8:00PM, Monday to Friday and email: help@nspcc.org.uk

Child Sexual Exploitation – If there were concerns regarding Child Sexual Exploitations, staff should inform the DSL who will immediately contact:

Sarah Stalker (Tri-Borough Family Support and Child Protection Adviser Mon – Weds only)

Direct Line: 0207 598 4640 Mobile: 07971 322 482

Email: Sarah.Stalker@rbkc.gov.uk or

Kamal Patel (Multi-Agency Safeguarding Hub (MASH) Detective Inspector, Family Services)

Direct Line: 0203 276 2841

Email: kpatel4@westminster.gov.uk

NSPCC Child Protection Helpline: 0808 800 5000 **ChildLine:** Tel: 0800 1111 www.childline.org.uk

The **NSPCC whistleblowing helpline** is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00am to 8:00PM, Monday to Friday and email: help@nspcc.org.uk

Other relevant contacts: Ofsted Piccadilly Gate, Store Street, Manchester, M1 2WD

SEQUENCE OF EVENTS TO BE FOLLOWED WHEN A YOUNG PERSON DISCLOSES ABUSE OR NEGLECT

This strict guidance relates to any disclosures involving events within or outside the school or concerning adults or other children:

Create a safe environment by offering the child a private and safe place if possible. Stay calm and reassure the child, stressing that they are not to blame. Tell the child that you know how difficult it must have been to confide in you. If there is a need for medical attention seek assistance without delay.

Listen to what the child has to say and take them seriously. Stay calm, reassuring the child but **advising that you cannot promise to keep a secret or confidentiality** (as this may ultimately not be in the best interest of the child). A suggested form of words that may help when talking to children and which will likely need to be simplified for some of our children are as follows: *“I will keep our conversation confidential and agree with you what information I can share, unless you tell me something that will affect your personal safety or that is illegal, but I will tell you if I am going to pass information on and who to.”* Tell the child what you are going to do next after the disclosure.

When talking to the child, do not interview the child and keep questions to a minimum. Encourage the child to use his/her own words and do not ask leading questions, interrupt their dialogue or make assumptions which might give particular answers. Do not repeat the disclosure or ask the child to repeat their disclosure other than to clarify what is being said. Do not display shock or disbelief. Seek consent from the child to share any information disclosed but should consent not

be given, an explanation can be given as to why the DSL must be told. When the child has finished speaking, do not leave the child alone, but speak to someone who can help keep the child safe.

Record in detail the circumstances and timings of the disclosure including the nature and extent of any injuries, explanations given by the child (as much as possible in the child's own words) and the action taken (which may be used in any subsequent court proceedings). After the disclosure immediately **record in writing** the child's name, address and date of birth and the child's behaviour and emotional state as well as who else was present at the time of the disclosure. Sign (with time and date) all notes made and give them to the DSL.

Call for immediate assistance from the DSL or deputy DSL or follow the procedures for allegations against staff, volunteers, and governors. The DSL (or other responsible person within the scope of this policy) will then deal with the matter. The child has chosen to tell a member of staff and their account will be believed and actions taken accordingly. The official school safeguarding form should also be completed by the person who receives the allegation and forwarded to the DSL.

Do not take responsibility for investigating the allegation yourself, as investigation is the sole statutory responsibility of Children's Services and/or the police. Reassure the child that the matter will be dealt with. Do not approach or inform the alleged abuser. Immediately inform the DSL so any required action can be taken to protect the child. The DSL will consider the information and decide on the next steps. Every complaint or suspicion of abuse from within or outside the School will be taken seriously and action taken in accordance with this policy.

Never take photographs of injuries or examine marks and injuries solely to assess whether they may have been caused by abuse, or investigate or probe, aiming to prove or disprove possible abuse. Do not assume that someone else will take the necessary action. Do not speculate or accuse anybody, confront another person (adult or child) allegedly involved, offer opinions about what is being said or about people allegedly involved or forget to record what you have been told. **Never** fail to pass the information on to the correct person or ask a child to sign a written copy of the disclosure or a 'statement'.

ALLEGATIONS AGAINST THE DSL, STAFF, VOLUNTEERS OR THE TRUSTEES (SEE ALSO APPENDIX 5):

This applies where an adult within the school community has behaved in a way that has harmed, may have harmed, or poses a risk of harm to a child. This also applies when an adult within the school community may have possibly committed a criminal offence against or related to a child.

- Allegations concerning all, other than the Headteacher, are to be reported straight away to the Headteacher (or in her absence, the Deputy DSL). The Headteacher will immediately contact the LADO to discuss the allegation. The individual against whom the allegation is made, is not to be informed.
- Allegations concerning the Headteacher are to be reported straight away to the Chair of Governors, who will immediately contact the LADO to discuss the allegation. The Headteacher is not to be informed.
- Allegations concerning the Governors/Trustees are to be reported straight away to the Headteacher who will immediately contact the LADO and act on the advice provided. The individual, against whom the allegation is made, is not to be informed.

In each case above, the LADO will be given sufficient detail to allow consideration of the nature, content and context of the allegation and to agree a course of action including any involvement of the Police. Guidance will be sought from the LADO and/or Police to enable the school to make decisions about whether or not the person against whom an allegation has been made should be allowed to remain on school premises and if so what, if any, conditions should apply. If given information that suggests that a member of staff was abusing a child who is not a child at the school, the DSL reports immediately to the LADO and follows the procedure as if it was one of our own children.

In borderline cases, where there is room for doubt as to whether a referral should be made, the DSL will consult with the LADO on a no names basis without identifying the family. However, as soon as sufficient concern exists that a child may be at risk of significant harm, a referral to MASH will be made without delay. The school will not investigate allegations without first gaining the agreement of the LADO. In the case of serious harm, the Police will be informed from the outset. Discussions will be recorded in writing, with any communication with both the individual and the parents of the child/children agreed. Saint Christina's will make every effort to maintain confidentiality and guard against publicity if there are allegations against staff up to the point where the accused person is charged with an offence.

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

Definition of Safeguarding from *Keeping Children Safe in Education (KCSIE)* (DfE: September 2016.) This is defined as protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes. Children includes everyone under the age of 18.

The Difference between Safeguarding and Child Protection: Safeguarding is a broader term than child protection. It encompasses all the elements set out above and is what a school must do for all children. Child Protection is part of this definition and refers to activities undertaken to protect children who have been harmed or are at significant risk of being harmed. If they are not suffering harm or at immediate risk, such instances must be addressed through the Early Help Assessment Form.

SPECIFIC SAFEGUARDING ISSUES

Abuse and Neglect (please refer to Appendix 1 of this policy): *Working Together to Safeguard Children* (HM Government, 2015) defines abuse as a form of maltreatment of a pupil. Somebody may abuse or neglect a pupil by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family, institution or in a community setting, by those known to them or more rarely by others. E.g. via the internet. Significant harm can be 'actual' (happening now) or 'likely' (events leading to a situation where harm is probable).

Expert organisations provide guidance and practical support on specific safeguarding issues. The NSPCC offers information for schools on the TES website and also on its own website www.nspcc.org.uk/preventing-abuse/. Additionally, government guidance is listed on the GOV.UK website: <https://www.gov.uk/>

The three main elements to our school's safeguarding policy are:

Prevention: We safeguard children whether they are at risk of maltreatment or abuse or in need of specific local authority or inter-agency care. Our safer recruitment procedures include checking and recording the suitability of staff and volunteers developing procedures to deal with safeguarding issues which may be specific to individual children in our school and local area. We work with other agencies to reduce risks. Saint Christina's seeks to promote the welfare of children at all times. Staff must be alert to situations where children appear to be unhappy or where there are marked changes in behaviour. The aim will be to 'listen' to children through the provision of early help, either through the school or through children's services under 'child in need' provision.

Protection: Staff are trained and supported to respond appropriately and sensitively to all safeguarding concerns following our agreed procedures. We identify and act on early signs of abuse, neglect and reassess concerns when situations do not improve to ensure the right help at the right time to address risks and prevent risks escalating. We ensure that allegations, concerns, suspicions and complaints against staff are dealt with promptly, and in accordance with DfE and local guidance. We keep accurate records and share relevant information quickly in order to challenge inactivity. Additionally, we take all practical and appropriate steps to ensure that our school premises are as secure as circumstances permit.

Support: We support children who may have been at risk of significant harm (which includes the way staff respond to their concerns and any work that may be required) or children who have been abused, in accordance with their agreed child protection plan. We seek to address both the mental and emotional welfare of children and families through: providing a positive and safe school environment, careful and vigilant teaching, accessible pastoral care, good adult role models and by promoting full co-operation with and contributions to the provision of appropriate co-ordinated support and/or early help from external agencies. Additionally, we operate robust and sensible health and safety procedures and along with clear and supportive policies on drugs, alcohol and substance misuse. We recognise that children have a right to feel secure and cannot learn effectively unless they do so.

Our children have the right to respect and have protection from abuse, regardless of age, gender, ability, language, religion, race, nationality, sexuality, culture or disability. They have the right to feel valued and confident, knowing how to approach adults if they are in difficulty. In our school a bullying incident is treated as a child protection concern when there is reasonable cause to suspect that a child is suffering, or likely to suffer, significant harm. Our safeguarding Child Protection Policy is also dove-tailed with the Behaviour Management and Anti-Bullying Policies. **Whilst the school will work openly with parents as far as possible, the school reserves the right to contact MASH or the Police, without notifying parents if this is in the child's best interests.** In preparing this policy, we have been attentive to the nature, age range and other significant features of the school in the provisions made for safeguarding. In Saint Christina's we are

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

aware of the potential scope for problems relating to emotional health issues, body image, eating disorders, self-harm, and also radicalisation and extremism.

This policy provides staff, volunteers and the Governors with the guidance they need in order to keep children safe and secure in our school and informs parents and guardians how we will safeguard their children whilst they are in our care. Our school promotes safe practice and professional conduct to safeguard children and to mitigate against the potential for misunderstandings or situations being misconstrued so teachers and other staff are not vulnerable to allegations. Our staff maintains an attitude of 'it could happen here' as far as safeguarding is concerned. We understand the importance of children receiving the right help at the right time to address risks and prevent issues escalating.

Early Help: In the first instance staff should discuss early help requirements with our DSL. Early Help in our school allows pupils to be supported at any point in their life by a range of external support agencies enabling potential concerns to be addressed, to prevent further problems arising or before a child may come into immediate danger. Targeted early help services, arranged by the local authority, address the assessed needs of a child and their family as a result of an Early Help Assessment Form coming under the term "Team around the Child" (TAC). This form would normally be completed by the DSL acting as the Lead Professional or another Educational agency. Our staff are, in particular, alert to the potential need for early help for a child who:

- is disabled and has specific additional needs; has special educational needs;
- is a young carer; is in a family presenting challenges for the child, such as substance abuse, adult mental health problems and domestic violence;
- is showing signs of engaging in anti-social or criminal behaviour;
- has returned home to their family from care and/or is showing early signs of abuse and/or neglect.

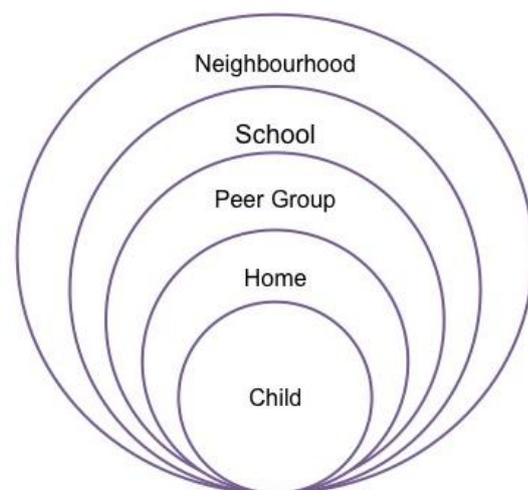

After gaining consent from the child/family to share information gathered from discussions, relevant professionals will be invited to come together in a 'Team around the Child' (TAC) to assess the child's needs and decide with the child/family a course of action to provide the services needed. A TAC is a multi-disciplinary team of practitioners established on a case-by-case basis to support a child and their family.

Unsubstantiated, false or malicious allegations: Where an allegation by a child is proven to have been deliberately invented or malicious, the Headteacher will consider whether to take disciplinary action in accordance with the school's Behaviour and Sanctions Policy. Where a parent has made deliberately invented or malicious allegations, the Headteacher will consider whether to terminate the child's placement at the school on the basis that they have treated the school or a member of staff unreasonably, unless a working relationship based on trust, respect and transparency is established moving forward. **Saint Christina's reserve the right to contact the MASH to determine the appropriate action.** We have a duty of care towards our employees by ensuring that effective support is provided for anyone facing an allegation through the school's Human Resources (HR)/Personnel arrangements.

Contextual Safeguarding

At our school we recognise that young people's behaviours, levels of vulnerability and levels of resilience are all informed by the social/public, as well as private, contexts in which young people spend their time. When spending time in these extra-familial contexts young people may be exposed to healthy norms which promote pro-social relationships, or they may encounter harmful norms that are conducive to abusive and exploitative relationships. As a result, we identify, assess and intervene where possible in all of the social environments where abuse and exploitation of young people can occur – in essence to take a 'contextual' approach to safeguarding.

For example, our school leadership works with professionals and student body to challenge harmful, gendered school cultures, thus improving the pre-existing school environment. Additionally, we help to promote a culture of safety with the curriculum and around the school regarding students' online activities – a place where young people spend an increasing amount of time, raising their vulnerability to potential abuse.

Concerns and allegations of abuse made against other children (Peer on Peer Abuse inclusive of sexual violence or harassment and banter): We recognise that some pupils on occasion will negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's Anti-Bullying (including Cyber-bullying) and Behaviour Management Policies. Staff are clear as to our policy and procedures with regards to peer on peer abuse. There are also different gender issues that can be prevalent when dealing with peer on peer abuse (i.e. girls being sexually touched/assaulted or boys being subjected to initiation/hazing type violence). We make sure that abuse is abuse and should never be tolerated or passed off as 'banter' or 'part of growing up'. When dealing with abuse by young people on peers, we follow the key safeguarding documents, *Keeping Children Safe in Education* (DfE: September 2016) and *Working Together to Safeguard Children* (HM Govt: republished 2017), even where an alleged perpetrator is a child and we adhere to the Human Rights Act and the Equality Act. Additionally, we use a [Peer-on-Peer Abuse toolkit](#) to support staff in their safeguarding of our students. Sexualised abuse, including verbal abuse by peers is a safeguarding issue and is included in the school's broader approach to safeguarding. If the school received an allegation of abuse by one or more pupils but is alleged to have taken place outside of the school premises, our safeguarding principles remain the same, and we could still carry out a referral to Children's Services as necessary.

However, where there is 'reasonable cause to suspect that a pupil is suffering, or likely to suffer significant harm' the concern or allegation of Peer on Peer abuse must be reported to the DSL immediately, who will then refer to the MASH to discuss the case. A factual record should be made of the concern or allegation, but no attempt at this stage should be made to investigate the circumstances. A copy of the discussions and outcomes will be kept in both pupils' files. Additionally, if appropriate the DSL will also refer pupils to an external safeguarding agency such as Childline and NSPCC.

Sexual Violence and Sexual Harassment between children: At Saint Christina's, we take our definition of sexual violence from the [Sexual Offences Act 2003](#), which considers rape, assault by penetration and sexual assault, all types of sexual violence. In addition, we define sexual violence as 'unwanted conduct of a sexual nature' that can occur online and offline. Sexual violence and sexual harassment can be between two children, or a group of children. Both sexes may be affected, although girls are more likely to be victims of sexual violence, and boys are more likely to be perpetrators of sexual harassment. We recognise that Children with SEND are likely to be more vulnerable. Saint Christina's is aware that online sexual violence or sexual harassment can be more complex, such as images shared at another school or across the internet, or the victim being excluded offline as well as online. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. We recognise that sexual violence and harassment can occur both online and offline, both physically and verbally and is never acceptable. We make it clear that all forms of sexual violence and harassment are unacceptable and will not be tolerated. Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual "jokes" or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (this may cross a line into sexual violence) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment, which might include: non-consensual sharing of sexual images and videos and sharing sexual images and videos (both often referred to as sexting); inappropriate sexual comments on social media; exploitation; coercion and threats. Online sexual harassment may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

Responding to reports of sexual violence and sexual harassment

Sexual harassment (as set out above) creates an atmosphere that, if not challenged, can normalise inappropriate behaviours and provide an environment that may lead to sexual violence. Though it may not be necessary to report one-off issues of sexual harassment to the police, each allegation of abuse will be taken seriously, and the Designated Safeguarding Lead will still refer these allegations to children's social care, who will support the school in deciding whether the victim or alleged perpetrator are in need of protection or other services. However, all allegations of sexual violence will be reported to the police, in parallel with children's social care. Though children's sexual behaviours can be

developmentally expected, some more harmful sexual behaviours may cause developmental damage. The [Brook sexual behaviours traffic light tool](#) is used to help us consider harmful sexual behaviours.

Reports of sexual violence are often complex and require difficult decisions to be made, on a case-by-case basis, with the DSL taking the lead role, supported by external agencies such as children's social care or the police. Some situations are statutorily clear: a child under the age of 13 can never consent to sexual activity (the age of consent is 16); sexual intercourse without consent is rape (as defined in law); creating or sharing sexual images or videos of under 18s is illegal, including children making or sharing these themselves.

The immediate response to a disclosure report

A factual record should be made of the concern or allegation, taking the victim seriously, but no attempt at this stage should be made to investigate the circumstances, unless a child is in immediate danger or is at risk of harm, in which case, an immediate referral will be made to children's social care and/or the police. Additionally, in cases where there is a report of rape, assault by penetration or sexual assault this should be passed to the police. Students will not be made to feel ashamed for making a disclosure. The DSL will follow the advice for practitioners in: What to do if you're worried a child is being abused and will follow through the outcomes of the discussion and if so advised by Children Social Care, will make a formal referral if the incident meets the referral threshold set by the Local Safeguarding Children Board ensuring effective information sharing with any agencies or other professionals involved. Good record keeping of related conversations, meeting and communications with a copy of the discussions and outcomes will be kept securely. Staff should not assume that someone else is dealing with the incident and should discuss concerns with the DSL. Where an incident between two pupils takes place away from the school, the school's duties and procedures remain the same.

School Staff are trained as per Part One of KCSIE on how to manage a disclosure and are aware of anonymity in cases where an allegation is progressing through the criminal justice system. Saint Christina's will do all they reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, including considering the impact of social media. Saint Christina's will make a risk assessment in cases of a report of sexual violence, considering the victim, alleged perpetrator and other children at the school. Risk assessments will be kept under review. In cases of sexual violence, a professional risk assessment by external specialists may be required and should be used to inform the school's own risk assessment. Saint Christina's will consider carefully any report of sexual violence or harassment and act in the best interests of the child. Saint Christina's will also consider carefully when to inform the alleged perpetrator, and this may be discussed with relevant agencies. Staff may be expected to participate in any early help assessment, child protection enquiry, strategy discussion or other outcome, following a referral.

Dependent on the disclosure of sexual violence or sexual harassment, the school will consider the following courses of action:

- **Managing internally:** in some cases of sexual harassment (such as one-off incidents) the school may manage the incident internally, following our behaviour management policy;
- **Involve Early help:** this is particularly useful in addressing non-violent, harmful sexual behaviour and may prevent escalation;
- **Referral to children's social care:** in cases where there has been harm, or there is an immediate risk, a referral will be made to children's social care;
- **Reporting to the police:** in cases where rape, assault by penetration or sexual assault is reported. Saint Christina's will not wait for the outcome of a police investigation before protecting the victim, perpetrator and other children in the school. The DSL will work closely with the police to ensure that the school's actions do not jeopardise the police investigation. If a child is convicted or cautioned, the school will update the risk assessment and consider suitable action through their behaviour policy.

It is important for Saint Christina's to ensure the victim and perpetrator remain protected, especially from bullying or harassment. Where no further action is taken, or a child found not guilty, Saint Christina's will continue to support the victim and perpetrator.

This is how victims of peer on peer abuse will be supported: All students involved, whether perpetrator or victim, are treated as being 'at risk'; a thorough risk-assessment and risk-based decision-making (with the benefit of the advice of statutory authorities, where appropriate) should be carried out with a view to ensuring the safety of all students and that example, whether the accused student should be removed from school for a period, or removal of the alleged perpetrator from classes and any transport etc. which is shared with the victim, whether contact with certain individuals should be prevented or supervised, the availability of counselling such as referring students to an external safeguarding agency such as ChildLine and NSPCC and the adequacy of arrangements for listening to children etc.

Additionally:

- Support for the victim will consider their age, the nature of the allegations and the risk of further abuse; an alleged perpetrator may have unmet needs themselves.
- The needs and wishes of the victim will be paramount, and they will be able to continue their normal routine as far as possible.
- Saint Christina's will be prepared to support a victim over a long period of time.
- Where the victim or perpetrator moves to another school it is important that the new establishment is made aware of any ongoing support needs.
- Saint Christina's must ensure the victim is safeguarded, but still provide the perpetrator with an education and support as necessary.
- Saint Christina's may discipline the alleged perpetrator, including while the police or social care investigation is ongoing, although they will liaise with these bodies to assist in determining any sanctions.
- Saint Christina's will be clear about when their actions are to support the victim or perpetrator, and when their actions are to discipline the perpetrator for their past conduct.
- A student against whom an allegation of abuse has been made may be excluded from the school for a fixed period during the investigation and the School's policy on behaviour, discipline and sanctions will apply.

If it is necessary for a pupil to be interviewed by the police in relation to allegations of abuse, the School will ensure that, subject to the advice of Children's Social Care, the pupil's parents are informed as soon as possible and that the pupil is supported during the interview by an appropriate adult. Normally, the DSL will try to discuss any concerns about a child's welfare with the family and where possible to seek their agreement to making a referral to MASH if necessary. However, in accordance with DfE guidance, this will only be done when this will not place the child at increased risk. The child's views will also be taken into account. Where there are doubts or reservations about involving the child's family, the DSL should clarify with MASH or the police whether, and if so when and by whom, the parents should be told about the referral. This is important in cases where the police may need to conduct a criminal investigation. Where appropriate, the DSL should help the parents understand that a referral is in the interests of the child and that the school will be involved in the enquiry or police investigation. In the case of pupils whose parents are abroad, the pupil's Education Guardian will be requested to provide support to the pupil and to accommodate him / her if it is necessary to exclude him / her during the investigation.

Where neither social services nor the police accept the complaint, a thorough school investigation should take place into the matter using the school's usual disciplinary procedures. In situations where the school considers a safeguarding risk is present, a risk assessment will be prepared along with a preventative supervision plan. The plan should be monitored and a date set for a follow-up evaluation with everyone concerned.

When a pupil is in need of *urgent* medical attention and there is suspicion of abuse an ambulance should be called. If the response from the emergency services states that the school should take the child to hospital then the DSL, with an escort, should take the child to the Accident and Emergency Unit at the nearest hospital. They should first notify MASH and seek advice about what action the MASH or the police will take and how the parents will be informed. Normally, parents would be informed that a child requires urgent hospital attention. If the suspected abuse is sexual then the medical examination should be delayed until the MASH and the police can liaise with the hospital, unless the needs of the child are such that

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

medical attention is the priority. There must at all times be a responsible adult with the child, whether from the school, MASH or the police, if the parents are not included. All unnecessary delays should be eradicated and inaction at any level can and should be challenged. In borderline cases, this can be done informally and without giving names in the first instance. The School will not investigate allegations without first gaining the agreement of the LADO. In the case of serious harm, the police will be informed from the outset. Discussions will be recorded in writing, with any communication with both the individual and the parents of the child/children agreed.

Working with parents and carers: Saint Christina's will, in most cases, engage with the parents of both the victim and the perpetrator and will consider carefully what information they provide. It is good practice for Saint Christina's to meet the victim's parents with the victim present to discuss safeguarding arrangements and also good practice to meet the perpetrator's parents to discuss what arrangements are being put in place, such as moving them out of classes.

Supporting witnesses of sexual violence or sexual harassment: Consideration should be given to supporting children who have witnessed sexual violence, especially rape and assault by penetration. Witnessing such an event is likely to be traumatic and support may be required. Following any report of sexual violence or sexual harassment, it is likely that some children will take "sides". The School will do all it can to ensure both the victim and alleged perpetrator, and any witnesses, are not being bullied or harassed. Social media is very likely to play a significant role in the fall out from any incident or alleged incident. There is the potential for contact between victim and alleged perpetrator and a very high likelihood that friends from either side could well harass the victim or alleged perpetrator online. When writing a risk-assessment for the pupils involved in an incident of sexual violence or sexual harassment, then we will consider any additional potential support needs to keep all our students safe.

All staff and volunteers: This includes a duty to act upon any suspicion, concern or disclosure that may suggest that a child is at risk of significant harm or in need of support services. All staff and volunteers should be alert to children at risk of being radicalised or drawn into extremism or child sexual exploitation whether from an adult or another child (further details of these signs are in Appendix 1). They are required to report instances of actual or suspected child abuse or neglect to the DSL or Deputy DSL. Additionally, they are expected to make themselves available for appropriate training and to read and understand both this policy and Part 1 of the latest edition of KCSIE along with 'What to do if you are a worried a child is being abused' latest edition. Special arrangements will be put in place for anyone working in the school whose command of English is insufficient to enable them to read and digest the contents of this policy and Part 1 of KCSIE.

Safer Recruitment, the Single Central Register (SCR) (Please also refer to our Safer Recruitment Policy) Our school operates safer recruitment procedures (in accordance with government recommendations) including required pre-appointment checks on teaching and non-teaching staff, volunteers, proprietor, supply staff, staff of contractors and other individuals working with or nearby children. In accordance with the full requirements of the SCR before starting work and the details of these checks are recorded. The SCR of appointments is rigorously maintained. All employees, proprietor, supply staff, volunteers and others working within the school are checked. In accordance with the ISSR, checks are recorded in the SCR by reference to the usual considerations such as role, frequency, supervision, payment and employment by another organisation. For employees working with children under the age of 8 years there is a requirement to report to school managers any issues of association with people who may be barred from working with children.

Through risk assessments, the school also ensures that appropriate checks have been made upon the staff of other organisations working with our children on external trips and visits, including adults who supervise children on work experience. In any case where the required documentation is unavailable, or checks have not been completed prior to the starting date for any member of staff or other adult who may have access to children, then a risk assessment is carried out to determine the appropriate course of action, e.g. allowing appropriately supervised access for a specified period or postponing the starting date.

Visitors and visiting speakers: Appropriate safeguarding and prevent duty checks upon visiting speakers and other visitors will be made and recorded. All visitors and visiting speakers will be required to undergo an identity check on arrival and wear a visitor's badge. They will not be allowed unsupervised access to children. All visitors must sign in on arrival,

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

following instructions using the electronic system and print out their badge which they must wear and sign out on departure and are escorted whilst on School premises by a member of staff or appropriately vetted volunteer. Unidentified visitors will be challenged by staff or reported to the Headteacher or School Office.

We have protocols for ensuring that any visiting speakers, who might fall within the scope of the *Prevent* duty, whether invited by staff or by the children themselves, are suitable and appropriately supervised. This will if appropriate, include a barred list check and internet search. At Saint Christina's, speakers are never left alone with children.

Preventing Extremism and Radicalisation: (Also please refer to Appendix 1 of this policy). Our school also ensures that we can 'demonstrate activity', as required by the statutory guidance, in the following key areas: risk assessment of children being drawn into terrorism, including support for extremist ideas that are part of terrorist ideology, working in partnership, staff training and IT policies. This is wholly in keeping with our school ethos and approach to promote a broad, tolerant and open-minded understanding of the world around us, including an appreciation of the democratic process and precluding the promotion of partisan political views in the classroom, in extra and co-curricular activities, or in any other aspect of the school's activities. The school is able to demonstrate a general understanding of the risks affecting children and young people in the area.

Protecting children from the risk of radicalisation is seen as part of Saint Christina's wider safeguarding duties and is similar in nature to protecting children from other harms (e.g. drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences. We understand that during the process of radicalisation, it is possible to intervene to prevent vulnerable people being radicalised. We consider the level of risk of children identified as being at 'risk of radicalisation' and make an appropriate referral, which can include Channel or Children's Social Care. Our prevent strategy demonstrates a specific understanding of the risks affecting children and young people and identifying children who may be at risk of radicalisation, including support we can give.

Prevent duty: The DSL receives appropriate training, in accordance with Annex B of KCSIE at least every two years in order to:

- provide advice and support to members of staff on protecting children from radicalisation;
- equip staff through Prevent, Channel and other appropriate training to identify and assess children at risk of being drawn into terrorism and to challenge extremist ideas;
- liaise with those responsible for Personal, Social, Health and Economic Education (PSHEE), Spiritual, Moral, Social and Cultural (SMSC) assembly and other appropriate curricular programmes actively to promote British values and to teach children about the dangers of radicalisation and extremism and
- liaise with those responsible for the school's electronic systems seriously to limit through appropriate filtering mechanisms the scope for access through these systems to any website or Internet source deemed problematic from a Prevent perspective.

Teaching children how to Keep Safe (Educating children about safeguarding and radicalisation including the delivery of the prevent strategy): Our programme for PSHEE supports the process of helping our children develop an understanding of keeping safe and maintaining wellbeing as part of a broad and balanced curriculum. Within our PSHEE curriculum, we have a programme for Relationship and Sex Education (RSE) which includes issues such as:

- "sexting", "banter", sexual assault between young people and gender-based issues
- healthy and respectful relationships;
- what respectful behaviour looks like;
- gender roles, stereotyping, equality;
- body confidence and self-esteem;
- prejudiced behaviour;
- that sexual violence and sexual harassment is always wrong; and addressing cultures of sexual harassment.

We ensure that our students are aware of the dangers of these safeguarding issues and promote positive relationships based on mutual respect. Through our school values, we encourage children to respect others, in particular within this topic. Age appropriate anti-bullying assemblies are held during anti-bullying week and as part of our PSHEE & C programme during the school year. Additionally, whenever appropriate subjects in the curriculum and co-curriculum activities will be used to reinforce the messages given.

Due to the special educational needs of our children, staff will determine, in consultation with parents, when it is appropriate to address issues of sexting and inappropriate banter with our children. If a member of staff becomes aware of an allegation or suspected case which involves sexting, inappropriate banter or sexual assault between young children, gender based or otherwise, this will be considered as a safeguarding concern and reported to the DSL, who will consider the allegation on a case by case basis. Depending on the severity of the case, this may involve the school's anti-bullying procedures or the parents of the children involved. In the case of serious harm, a referral to the MASH will be completed and the police are informed from the outset.

Within SMSC development, we instil within children, values that build resilience and prevent children being drawn into radicalisation and extremism. We explore what extremism might look like and how this poses a threat to peace and we build resilience to radicalism by providing a safe environment for debating controversial issues. We actively promote British Values within our SMSC and create an environment in which children know they are listened to and valued. We educate our children to reject violence and cruelty.

Emerging Technology including the Internet and social media (Please see our E-safety Policy for more details): Our School recognises that impact of emerging technological skills which include the use of information and communication technology (ICT). Our E-safety policy details the actions and behaviour required from children and members of staff in order to maintain a safe electronic environment and is based on current best practice drawn from a wide range of sources. Our key message to keep children and young people safe is to be promoted and should be applied to both online and offline behaviours. Please refer to our E-Safety policy for further details including Acceptable Use policies. The internet and the use of social media in particular has become a major factor in the radicalisation of young people. Staff have training in E-safety, through briefings, staff meetings and the Camden Learning Centre.

We ensure that children are safe from potentially harmful and inappropriate content including terrorist and extremist material when accessing the internet on school systems through appropriate levels of filtering, internet safety rules and e-safety education with the curriculum in line with our **E-safety and Cyberbullying policies**. However, we are careful to ensure "over blocking does not lead to unreasonable restrictions. We have a whole school approach to on-line safety, including a clear policy on the use of mobile technology. We ensure staff are appropriately trained in on-line safety and we carefully consider how to measure 3G and 4G usage on the school premises through our behaviour management policy. Children understand the risks posed by adults or young people, who use the internet and social media to bully, groom, abuse or radicalise young people, especially children and vulnerable adults. We support parents in providing links to up-to-date advice and guidance on Internet-Safety, social media and on-line radicalisation through CEOP's *Thinkuknow* website: www.thinkuknow.co.uk and the Google Legends project along with: <https://www.google.co.uk/safetycenter/families/legends/>.

Use of mobile phones, cameras, electronic devices inclusive of the Early Years Foundation Stage (EYFS): The School's policy on the use of mobile phones and cameras in School, including the EYFS setting is set out in the ICT Acceptable Use Policy, the Online-Safety policy and in the Staff Behaviour Policy (Code of Conduct). Staff must not take images of children using personal mobile telephones, cameras or any other digital device. Images must only be taken using school devices. If there are exceptional circumstances for mobile devices to be used this must be with the Headteacher's consent. Appropriate consents for taking and displaying photographs must be obtained from parents where appropriate in line with the guidelines set out in the E-Safety Policy 'Use of Digital Images'. Any images or recordings should only be taken, edited or stored on school computers. Photographs or recordings should only be made where there is a legitimate school purpose; child's privacy and dignity must be preserved always. Images or recordings should not be transmitted to third parties without permission of the Headteacher or parents of the child involved. The School's Acceptable Use Policy sets out the expectations for children and parents on the use of mobile phones and cameras whilst at the school. Staff should not use any other electronic device capable of capturing images of children other than a school camera, i-pad or i-pod. This is in line with the whole school policy on the use of mobile phones and cameras. The LADO is to be informed if there is any contravention of the school policy regarding the use of personal mobile phones, cameras or other electronic and communication devices by adults working or volunteering at the school. For more details, please see our e-safety policy.

EYFS – Additional Requirements

The safeguarding policy which applies to the rest of the school also applies to the EYFS and details our procedures for safeguarding in the EYFS. We inform Ofsted immediately (on the same day), or as soon as is reasonably practicable, but certainly within 24 hours, of any allegations of serious harm or abuse by any person living, working or looking after children at the premises (whether that allegation relates to harm or abuse committed on the premises or elsewhere). This could

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

include any other abuse which is alleged to have taken place on the premises, and of the action taken in respect of these allegations.

Disqualification by Association (early years and later year's provision)

Pre-appointment checks in this regard may also be needed for relevant staff, leaders and managers as part of following the KCSIE supplementary advice. Employees who teach or manage any aspect of provision for children up to the age of 8 years are not allowed (in accordance with regulations made under Section 75 of the Childcare Act 2006) to work in this capacity at our school if they, or others in their household are disqualified. A self-declaration form is incorporated into the appointments process and this is updated annually. These checks are recorded in the SCR.

Induction and On-Going Training for all staff, temporary staff, volunteers and the Headteacher and Trustees in line with LSCB advice: Our arrangements for the level and focus of role-appropriate and refresher training is in accordance with LSCB criteria, as required by KCSIE (DfE: Sept. 2016). All staff are provided with copies of key documents which they are required to understand. For staff who cannot read English, our school takes steps to ensure that they understand key information. This includes the active promotion of British values and an understanding of extremism and radicalisation and child exploitation. All our staff are made aware of the systems which supports safeguarding in our school and these are explained to them, as part of their staff induction. This includes:

- the child protection policy (safeguarding policy); the identity of the DSL and Deputy DSL's and information about their roles (such as the implications for mental health and pastoral care and how to identify children at risk of radicalisation);
- the staff code of conduct (which covers as a minimum, acceptable use of technologies, staff /child relationships and communications, including via social media and whistleblowing);
- Part One of KCSIE (DfE: Sept. 2016) and 'Annex A' (which includes some types of abuse formerly mentioned in Part One of KCSIE) and copies of policies (such as behaviour management policy, anti-bullying policy, whistleblowing policy and e-safety including cyber bullying);
- ensuring all staff are sensitised to act when any incident may be referred to as bullying, tyrannize, terrorise, intimidate, harass, etc., even if the alleged person has no history of that behaviour.

We assist staff in understanding and undertaking their roles and responsibilities as set out in Part One of KCSIE. This includes talking new staff through the content of Part One in a level and depth appropriate and proportionate to the person and/or to the particular role for which they are being inducted. There is also training and reminders in staff meetings. The DSL monitors the outcome of staff training through post-training discussions with staff, highlighting any gaps in staff knowledge or failings on procedures. All staff undertake prevent awareness training and are able to refer children to the DSL for further help. Staff are informed of arrangements to listen to children, helplines and other systems to gain views and insight. When relevant, we would work in partnership with our local Prevent co-ordinator. When available in our local authority for our children' age group, WRAP training will be provided for all staff.

In addition, all staff receive safeguarding and child protection updates (for example staff meetings) as required but at least annually, to provide them with the relevant skills and knowledge to safeguard children effectively. Our Staff are also made aware of the early help process and understand their role in it. This includes identifying emerging problems, liaising with the DSL, sharing information with other professionals to support early identification and assessment and, in some cases, acting as the lead professional in undertaking an early help assessment.

Our staff receive annual e-safety training, which looks at emerging technologies strategies to support online safety and highlighting key requirements from our e-safety policy.

Our staff are made aware of the process for making referrals to MASH and statutory assessments under the Children Act of 1989 that may follow a referral, along with the role they might be expected to play in such assessments. The DSL makes it clear in induction, in other training, and in guidance provided for staff they have a responsibility to speak up about safeguarding and welfare matters within the school and to external agencies where necessary. This is one part of our establishing a positive safeguarding culture. This applies not only to new staff but also those already in post.

All staff members and the Chair will undertake appropriate child protection training regularly i.e. every 3 years as a minimum for all staff (Saint Christina's provides an annual update to all staff), with the DSL and Deputy DSL attending training every 2 years in line with requirements within KCSIE (DfE: September 2016), inter-agency working. Such training will include local inter-agency protocols and training in accordance with the Tri-Borough approach to Prevent duties. Prevent training is included at the beginning of school year INSET.

Listening to the wishes of children and young people: If Saint Christina's becomes aware that a child is at 'risk of harm' or 'in need', a referral to the MASH will be completed regardless of the child's or parent's wishes. We believe it is critical that our children have an adult who they can trust, and Saint Christina's ensures that there are appropriate systems so children know who they can turn to and that staff will listen to them. These include: The School Council (child Voice); Staff and therapists; Spiritual, Moral, Social and Cultural (SMSC) Curriculum and Helplines such as NSPCC and Child line (Contact numbers are at the end of this policy). Saint Christina's actively encourages a sensitive and open 'listening' environment in which staff and children may feel free to discuss general matters relating to safeguarding and to raise specific concerns. Members of staff should use the school's whistleblowing policy should they have any concerns about the handling of safeguarding matters either in general or in specific cases.

Looked After Children: The Governors will ensure staff have the skills, knowledge and understanding necessary to keep safe children who are looked after by a Local Authority, if they have such children on roll. This includes ensuring that there is a designated member of staff with responsibility for their welfare and progress and educational achievement and ensuring this person has up to date assessment information from the relevant Local Authority. School staff will always participate in looked after reviews and meetings. This includes the child's social worker and virtual Headteacher, the most recent care plan and contact arrangements with parents, and delegated authority to carers including the child's legal status. In our school this person is the DSL.

See <https://www.gov.uk/government/publications/promoting-the-education-of-looked-after-children>.

Child Mental Health: Saint Christina's takes its responsibilities towards children that may be experiencing mental health difficulties seriously. We provide support including having links with therapists, psychiatrists and the NHS. The staff team being responsible for the safety and wellbeing of children, operate an 'open door' policy to encourage children to seek help themselves and for staff to refer any concerns so they are dealt with quickly and appropriately. We work closely with these professionals to maintain the child's safety within school and adhere to any advice and guidance we are given. We want to make sure our children are happy, healthy and thrive and understand we all need a little help from time to time with the busy and stressful lives we have today.

Children Missing Education and Missing Children: Our staff will follow the school's separate procedures for dealing with children who go missing, particularly on repeat occasions. They should act to identify any risk of abuse and neglect, including sexual abuse or exploitation. We have appropriate safeguarding policies, procedures and responses for children who go missing from education, particularly on repeat occasions. Staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, FGM and forced marriage. More information can be found in 'Statutory guidance on children who run away or go missing from home or care' and KCSIE pages 52 and 53. (DfE: September 2016).

Saint Christina's has an admissions register and an attendance register. We follow-up unexplained absences of any child with a telephone call from the School on the morning of the first day of absence and notify social services if there is an unexplained absence of more than one day of a child who is on a Child Protection Plan. Additionally, the DSL will notify the applicable local authority (within which the child resides) when not at Saint Christina's of any child who is going to be deleted from the admission register, where the child:

- has 10 days of more continuous absence from school without an explanation, or has been taken out of school by his/her parents and are being educated outside the school system e.g. home education; has ceased to attend Saint Christina's and no longer live within reasonable distance of Saint Christina's, or has left school suddenly and the destination is unknown or has not taken up an allocated school place as expected;
- has been certified by a doctor as unlikely to be in a fit state of health to attend Saint Christina's before ceasing to be of compulsory school age, and neither he/she nor his/her parent has indicated the intention to continue to attend our school after ceasing to be of compulsory school age;
- is in custody for a period of more than four months due to a final court order and Saint Christina's does not reasonably believe he/she will be returning at the end of the period or, has been permanently excluded.

The applicable local authority must be notified as soon as the grounds for deletion are met, but no later than deleting the child's name from the register. This will assist the local authority to fulfil its duty to identify children of compulsory school age who are missing in education and follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse or neglect.

Children being withdrawn from School: If a child is withdrawn from the school, all efforts will be made to identify the school to which the child is being admitted; their confidential educational and child protection records will be sent separately. If the parent/guardian/carer fails to provide information regarding the new school, an urgent referral will be made to the Education Welfare Service (EWS), unless Saint Christina's has safeguarding concerns about the child in which case it will be MASH.

Records and the sharing of information with relevant agencies: Written notes will be kept of all incidents relating to individual children. These may be shared with other agencies. All contact with parents and external agencies relevant to Child Protection will be logged and kept in confidential records which are kept separate from educational records and can only be accessed by designated people within the school. The content of Child Protection reports will be shared with the parents/guardians/carers in advance of any meetings. Referrals made to Saint Christina's and are recorded on the Inter-Agency Referral form or as advised by them. All concerns, discussions and decisions made and the reason for those decisions should be recorded in writing. If in doubt about recording requirements, staff should discuss this with the Designated Safeguarding Lead. As part of meeting a child's needs we recognise the importance of information sharing between our professionals and local agencies and we follow procedures set out in 'Working Together to Safeguard Children' (HM Gov 2015). Although inter agency working and information sharing are vital in identifying and tackling all forms of abuse, it is clear they are especially important to identify and prevent child sexual exploitation.

School website safeguarding statement: To ensure the privacy and safety of children where children are named, only their first names are given. Where a photograph is used, which shows a child, only a first name is displayed. When choosing photographs for the website, the school is mindful of the way children may appear in them and will not include images which are in any way inappropriate. Saint Christina's follows a policy of seeking parent, guardian or carer's permission before using images which show children on the website or in the local press. The list showing the children who are barred from appearing in the press, or on the website, is kept in the School Office and is available whenever photographers are present. No private information about children is published on the website such as surnames or contact details.

Staff Code of Conduct - Power, Positions of Trust and Staff Behaviour: (Guidance is provided in the Saint Christina's *Staff Code of Conduct and Teachers' Standards* on how adults can ensure that their behaviour and actions do not place children or themselves at risk of harm or of allegations of harm to a child (for example, in one-to-one tuition, sports coaching, conveying a child by car, engaging in inappropriate electronic communication with a child, and so on). The staff Code of Conduct is wide-ranging and covers staff/ children relationships and communications including use of social media, "breach of trust" and expands on the whistle-blowing statement in this policy. Staff must seek medical advice if they are taking medication which may affect their ability to care for children, and any staff medication must be securely stored and out of the reach of children at all times.

Physical restraint: Our policy on physical restraint is compliant with the Local Authority's 'Physical Restraint in Schools' guidance along with guidance from the DfE. Events are recorded and signed by a witness. Staff who are likely to need to use physical intervention are appropriately trained. We understand that physical intervention, of a nature that causes injury or distress to a child, may be considered under child protection or disciplinary procedures.

Children who are particularly vulnerable: Our School recognises that some children are more vulnerable to abuse and neglect and that additional barriers exist when recognising abuse for some children. We understand that this increase in risk is due more to societal attitudes and assumptions or child protection procedures, which fail to acknowledge children's diverse circumstances, rather than the individual child's personality, impairment or circumstances.

In some cases, possible indicators of abuse such as a child's mood, behaviour or injury might be assumed to relate to the child's impairment or disability rather than giving a cause for concern. Or a focus may be on the child's disability, special educational needs or situation without consideration of the full picture. In other cases, such as bullying, the child may be disproportionately impacted by the behaviour without outwardly showing any signs that they are experiencing it. Some children may also find it harder to disclose abuse due to communication barriers; lack of access to a trusted adult or not being aware that what they are experiencing is abuse. Our staff are alert to all of our children, some of whom have longer-term medical conditions and all of whom have special educational needs or disabilities. Particular vigilance will be exercised in respect of children who are the subjects of Child Protection Plans and any incidents or concerns involving these children will be reported immediately to the allocated Social Worker (and confirmed in writing).

If a child discloses that he/she has witnessed domestic violence, or it is suspected that he/she may be living in a household which is affected by family violence, this will be referred to the DSL as a safeguarding issue. Where it comes to our notice that a child under the age of 13 is, or may be, sexually active, this will result in an immediate referral to MASH and advice being given to the DSL. This will determine how and when information will be shared with parents/guardians/carers and the investigating agencies.

Safeguarding Disabled children and children with Medical Conditions: Our staff are aware that disabled children experience greater risks, vulnerability and unequal access to services and resources. They may have additional needs relating to physical, sensory, cognitive and/or communication impairments. Some disabled children may be more vulnerable to abuse because they may have fewer outside contacts than other children; receive intimate, personal care; have an impaired capacity to resist or avoid abuse; have communication difficulties; fear losing services; be more vulnerable to peer abuse (e.g. bullying, sexual assault, intimidation). Our staff are alert to the medical needs of children including those children with longer term medical conditions.

Whistleblowing: Our whistleblowing policy is integrated into training and codes of conduct. We make it clear both in induction and other training and in guidance provided for staff that they have a responsibility to speak up about safeguarding and welfare matters within our school and to external agencies where necessary. This is one part of the way in which we establish in our school, a positive safeguarding culture. We have an open environment and culture of safety where staff feel free to raise concerns. The school also has a culture of valuing staff and of reflective practice. There are procedures for reporting and handling concerns, including poor or unsafe practice and potential failures in the safeguarding regime, provision for mediation and dispute resolution where necessary. Training and support are provided for staff including transparency and accountability in relation to how concerns are received and handled. Saint Christina's has regard to KCSIE (September 2016) and as a result has clear processes for reporting and recording allegations

Working in Partnership and Responding to Parents and Carers: Our school works in partnership with parents/guardians/carers and local authorities communicating as clearly as possible with them (in particular with parents for whom English is not their first language) for the best outcomes for children. Parents are welcome to approach the Designated Safeguarding Lead if they have any concerns about the welfare of any child in the School. If preferred, parents may discuss concerns in private with the child's class teacher or the Headteacher, who will notify the DSL in accordance with these procedures.

Young carer: A young carer is a person under 18 who provides or intends to provide care for another person (of any age, except generally where that care is provided for payment, pursuant to a contract or as voluntary work).

Our school operates these safeguarding procedures in line with locally-agreed inter-agency procedures. Our Integrated Safeguarding Portfolio consists of the following legal status documents, related documents and references which have been used in formulating this policy along with the forms required to be completed when referring to Children's Social Care and the LADO and the Proprietor's annual Safeguarding Audit and Review.

Reasons for no longer using a person's services and reporting to the Disclosure and Barring Service (DBA) along with considering referral to the National School of Teaching and Leadership (NCTL): If a member of staff or volunteer tenders his or her resignation, or ceases to provide his or her services and a prohibition order may be appropriate, any child protection allegations will still be followed up by the School in accordance with this policy and a referral will be made to the Disclosure and Barring Service and the NCTL as soon as possible if the criteria are met.

We also ensure that '*Compromise Agreements*' or '*ACAS Agreements*' never apply in such circumstances.

Legal Status (statutory and best practice guidance)

- Part 3, paragraphs 7 (a) and (b) and 8 (a) and (b) of the education (Independent School Standards) (England) Regulations 2014, in force from the 5th January 2015.
- *The Children ACT 1989 guidance and regulations* (DfE: Volume 2 June 2015)
- *Disqualification under the Childcare Act 2006* (February 2015)
- *Mental health and behaviour in schools* (March 2015) and *Counselling in schools: a blue print for the future* (March 2015)
- *What to do if you're worried a child is being abused* (HM Government: March 2015)
- *Working Together to Safeguard Children* (WTSC) (Inter-agency working) (HM Government: 2015) updated February 2017 to include statutory definition of Child Sexual Exploitation (CSE). WTSC also refers to non-statutory advice,

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

Information sharing (HM Government: March 2015) along with the Disclosure and Barring Service (DBS) Code of Conduct

- Prevent' Counter-Terrorism and Security Act 2015 (HM Government: 2015) inclusive of the Prevent Duty Guidance: for England and Wales (March 2015) (Prevent). Prevent is supplemented by The Prevent duty: Departmental advice for schools and child care providers (DfE: June 2015) and the use of social media for on-line radicalisation (July 2015)
- This policy is consistent with Keeping Children Safe in Education (KCSIE) Information for all school and schools (DfE: September 2016) incorporates the additional statutory guidance,) along with the Disclosure and Barring Service (DBS) Code of Conduct.
- Sexual violence and sexual harassment between children in schools and schools (DfE: December 2017)

Specialist Organisation: Barnardo's, Lucy Faithfull Foundation, NSPCC, Rape Crisis, University of Bedfordshire: Contextual Safeguarding, UK Safer Internet Centre

Support for victims: Anti-Bullying Alliance, MoJ Victim Support, Rape Crisis, The Survivors Trust, Victim Support

Toolkits: Brook, NSPCC, Safeguarding Unit, Farrer and Co. and Carlene Firmin, MBE, University of Bedfordshire

Further information on confidentiality and information sharing: Gillick competency Fraser guidelines, Government information sharing advice, Information Commissioner's Office: Education, NSPCC: Things to know and consider

Further information on sexting: UKCCIS: sexting advice, London Grid for Learning- collection of advice

This policy has been compiled in conjunction with and reference to the following related documents which are:

- **Available on the Saint Christina's website and/or also on request from the school office:** Anti-bullying, Behaviour Management including Discipline, Sanctions and Exclusions; Physical Restraint; Preventing Extremism and Radicalisation Policy; First Aid; Educational Visits and Off-site Activities; E-Safety including Cyberbullying and Acceptable Use; Personal, Social, Health and Economic Education (PSHEE); Relationships and Sex Education (RSE); Special Education Needs and Disabilities (SEND Code of practice January 2015); Spiritual, Moral, Social and Cultural (SMSC) Development; Whistleblowing, Staff Code of Conduct; *Keeping Children Safe in Education Information for all school and school staff* (DfE: September 2016).
- **Available on the Staff Shared:** Safe Recruitment including the selection and appointment of staff; *Keeping Children Safe in Education. Statutory guidance for schools and school.* (DfE: September 2016); Appendix: – Safer Recruitment Flowcharts. All Staff existing and new are required to read Part 1 and Annex A of KCSIE September 2016 and sign to say they have understood it.

Confidentiality: We regard all information relating to individual child or adult protection issues as confidential and we only pass information on to appropriate persons. The School will co-operate with MASH and police to ensure that all relevant information is shared for the purposes of child protection investigations under section 47 of the Children Act 1989 in accordance with the requirements of 'Working together to Safeguard Children' (March 2015). Our staff know they cannot promise confidentiality and that there are other agencies which children can turn to e.g. ChildLine: 0800 1111.

APPENDIX 1 - TYPES AND SIGNS OF ABUSE AND NEGLECT INCLUDING POSSIBLE INDICATORS WHICH ARE IDENTIFIED IN KEEPING CHILDREN SAFE IN EDUCATION (DfE: SEPTEMBER 2016)

Types of Abuse and Neglect Including Specific Safeguarding Issues: We are aware that abuse, neglect and safeguarding issue are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another and could include:

Abuse and neglect; Neglect (physical or emotional); Physical abuse; Emotional abuse; Peer abuse; Extremism/radicalisation; Domestic violence; Drug/alcohol abuse; Emotional abuse; Abuse of trust; Sexual abuse; Children who sexually abuse; Witnessing domestic abuse or violence; Child sexual exploitation (CSE); Child exploitation and e-safety; child sexual exploitation; child exploitation and e-safety; Female genital mutilation (FGM); Forced marriages; Fabricated or induced illness; Faith abuse; Safeguarding disabled children; Disability and vulnerability; Honour-based violence vulnerable groups; Bullying including cyberbullying; Vulnerable children; Children in need; Child missing education (Children who run away or go missing); Child missing from home or care; Missing children and adults strategy; Young carers; Cared for children and significant harm; Gangs and youth violence; Gender-based violence/violence against women and girls (VAWG); Hate; Mental health; Private fostering; Preventing radicalisation; Teenage relationship abuse; Sexting; Trafficking. Expert and professional organisations are best placed to provide up-to-date guidance and practical support on specific safeguarding issues. For example, NSPCC offers information for schools and schools on the TES website and also on its own website www.nspcc.org.uk/preventing-abuse/ and other government websites:

PHYSICAL ABUSE: The nature of physical abuse: A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child. Most children collect cuts and bruises quite routinely as part of the rough and tumble of daily life. Clearly it is not necessary to be concerned about most of these minor injuries. But accidental injuries normally occur on the *bony prominences* e.g. shins. Injuries on the *soft* areas of the body are more likely to be inflicted intentionally. If a body map is to be used to record physical abuse, they should only be used to record observed injuries and no child should be asked to remove clothing by a member of staff of the school.

Indicators of physical abuse/factors that should increase concern include:

- multiple bruising or bruises and scratches/bi-lateral injuries (especially on the head and face including around the mouth); clusters of bruises – e.g. fingertip bruising (caused by being grasped); bruises around the neck and behind the ears – the most common abusive injuries are to the head;
- marks indicating injury by an instrument – e.g. linear bruising (stick), parallel bruising (belt), marks of a buckle;
- bite marks; deliberate burning may also be indicated by the pattern of an instrument or object - e.g. electric fire, cooker, cigarette; scalds with upward splash marks or *tide marks*; untreated injuries; injuries to genital areas;
- recurrent injuries, burns or bald patches; having broken bones or unexplained bruising, burns or welts in different stages of healing; being unable to explain an injury, or providing explanations that are inconsistent, vague or unbelievable.

EMOTIONAL ABUSE: Definition of emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. This can also occur when a child is a young carer for a parent who is disabled, has mental health problems or misuses alcohol or drugs. It may involve seeing or hearing the ill treatment of another, for example where there is fighting or violence in the home.

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

The nature of emotional abuse: Most harm is produced in *low warmth, high criticism* homes, not from single incidents. Emotional abuse is chronic and cumulative and has a long-term impact. All kinds of abuse and neglect have emotional effects although emotional abuse can occur by itself. Witnessing someone harming another person – as in domestic violence, can harm children. It is sometimes possible to spot emotionally abusive behaviour from parents and carers to their children, by the way that the adults are speaking to, or behaving towards children. An appropriate challenge or intervention could affect positive change and prevent more intensive work being carried out later on.

Indicators of emotional abuse: Developmental issues include delays in physical, mental and emotional development; poor school performance and speech disorders, particularly sudden disorders or changes.

Behavioural indicators of neglect include: constant tiredness; frequent absence from school or lateness; missing medical appointments; becoming isolated among peers; being frequently unsupervised; stealing or scavenging, especially food and having destructive tendencies, poor relationships with peers; running away.

Behaviour: acceptance of punishment which appears excessive; over-reaction to mistakes; continual self-deprecation (I'm stupid, ugly, worthless etc.); neurotic behaviour (such as ricking, hair-twisting, thumb sucking); self-mutilation; suicide attempts; drug/solvent abuse; running away; compulsive stealing, scavenging; acting out; poor trust in significant adults; regressive behaviour – e.g. wetting; eating disorders; destructive tendencies; neurotic behaviour; arriving early at school, leaving late.

Social issues: withdrawal from physical contact or from social interaction; over-compliant behaviour or insecure, clinging behaviour; poor social relationships.

Emotional responses: extreme fear of new situations; inappropriate emotional responses to painful situations (“I deserve this”); fear of parents being contacted; self-disgust; unusually fearful with adults; lack of concentration, restlessness, aimlessness; extremes of passivity or aggression; excessive need for approval, attention and affection.

SEXUAL ABUSE: The nature of sexual abuse: Sexual abuse is often perpetrated by people who are known and trusted by the child – e.g. relatives, family friends, neighbours, babysitters, and people working with the child in school, faith settings, clubs or activities. Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Child sexual exploitation: Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

CSE can involve violent, humiliating and degrading sexual assaults. In some cases, young people are persuaded or forced into exchanging sexual activity for money, drugs, gifts, affection power or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation does not always involve physical contact and can happen online. Some of the following signs may be indicators of sexual exploitation:

- Children who appear with unexplained gifts or new possessions; who associate with other young people involved in exploitation; have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant; who suffer from changes in emotional well-being; children who misuse drugs and alcohol;

- Children who go missing for periods of time or regularly come home late; and regularly miss school or education or do not take part in education; staying away from certain people or avoiding being alone with someone; displaying sexual behaviour that is inappropriate for their age;
- Inappropriate masturbation or self-harm (including eating disorders) and an unwillingness to remove clothes when changing for PE etc.

Sexual exploitation involves varying degrees of coercion, intimidation or enticement, including unwanted pressure from peers to have sex, sexual bullying including Cyber Bullying and grooming. It is also important to recognise that some young people who are being sexually exploited or abused do not exhibit any external signs of this abuse.

Characteristics of Child Sexual Exploitation and abuse: it is often planned and systematic – people do not sexually abuse children by accident, through sexual abuse can be opportunistic; grooming the child – people who abuse children take care to choose a vulnerable child and often spend time making them dependent; grooming the child’s environment – abusers try to ensure that potential adult protectors (parents and other carers especially) are not suspicious of their motives.

Indicators of sexual abuse: Physical observations include damage to genitalia, anus or mouth; sexually transmitted diseases; unexpected pregnancy, especially in very young girls; soreness in genital area, anus or mouth and other medical problems such as chronic itching; unexplained recurrent urinary tract infections and discharges or abdominal pain. The concerns listed are not exhaustive. Staff can and should also record and report other concerns about a child, such as general welfare concerns.

Youth produced sexual imagery (Sexting)

The practice of children sharing images and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is illegal. Youth produced sexual imagery refers to both images and videos where a person under the age of 18:

- creates and shares sexual imagery of themselves or by another person under the age of 18 or an adult.
- is in possession of sexual imagery created by another person under the age of 18.

All incidents of this nature should be treated as a safeguarding concern and in line with the guidance ‘Sexting in schools and schools: responding to incidents and safeguarding young people’. Cases where sexual imagery of people under 18, is child sexual abuse and should be responded to accordingly.

If a member of staff becomes aware of an incident involving youth produced sexual imagery they should follow the child protection procedures and refer to the DSL as soon as possible. The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff should not view, copy or print the youth produced sexual imagery. Parents should be informed, unless there is reason to believe that this would put the child at risk of harm. A referral should be made to Children’s Social Care or the Police as appropriate. Immediate referral should be made to Children’s Social Care/Police if;

- the incident involves an adult, the imagery involves sexual acts; the imagery involves anyone aged 12 or under;
- there is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs);
- what you know about the imagery suggests the content depicts sexual acts which are unusual for the child’s development stage or are violent;
- There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.

If none of the above applies, then the DSL will consider if;

- There is a significant age difference between the sender/receiver;
- There is any coercion or encouragement beyond the sender/receiver;
- The imagery was shared and received with the knowledge of the child in the imagery;
- The child is more vulnerable than usual i.e. at risk;
- There is a significant impact on the children involved;
- The image is of a severe or extreme nature;
- The child involved understands consent;
- The situation is isolated or if the image been more widely distributed;

- There are other circumstances relating to either the sender or recipient that may add cause for concern i.e. difficult home circumstances;
- The children have been involved in incidents relating to youth produced imagery before.

If any of these circumstances are present the situation will be escalated according to our child protection procedures, including reporting to the police or children's social care. Otherwise, the situation will be managed within the school. The DSL will record all incidents of youth produced sexual imagery, including both the actions taken, actions not taken, reasons for doing so and the resolution in line with safeguarding recording procedures.

This guidance reflects the UKCCIS Guidance (2016)

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/551575/6.2439_KG_NCA_Sexting_in_Schools_WEB_1_PDF.

Removal of sexual images/videos: If the incident involves sexual images or videos that have been made and circulated online, the victim can be supported to get the images removed through the [Internet Watch Foundation \(IWF\)](#). The IWF will make an assessment of whether the image is illegal in line with UK Law. If the image is assessed to be illegal, it will be removed and added to the IWF's Image Hash list.

NEGLECT is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs. Far more children are registered to the category of neglect on child protection plans than to the other categories. Neglect is a difficult form of abuse to recognise and is often seen as less serious than other categories. It is, however, very damaging: children who are neglected often develop more slowly than others and may find it hard to make friends and fit in with their peer group. Neglect is often noticed at a stage when it does not pose a risk to the child. The duty to safeguard and promote the welfare of children would suggest that an appropriate intervention or conversation at this early stage can address the issue and prevent a child continuing to suffer until it reaches a point when they are at risk of harm or in significant need. Neglect is often linked to other forms of abuse, so any concerns school staff have should at least be discussed with the DSL.

Indicators of neglect: The following is a summary of some of the indicators that may suggest a child is being abused or is at risk of harm. It is important to recognise that indicators alone cannot confirm whether a child is being abused. Each child should be seen in the context of their family and wider community and a proper assessment carried out by appropriate persons. What is important to keep in mind is that if you feel unsure or concerned, do something about it. Don't keep it to yourself.

Physical indicators of neglect include: constant hunger and stealing food; poor personal (including dental) hygiene – unkempt, dirty or smelly; being underweight; wearing dress unsuitable for weather; poor state of clothing; illness or injury untreated and looking sad, false smiles.

Specific safeguarding issues: Our staff are aware of safeguarding issues - some of which are listed below. They are aware that behaviours linked to the likes of drug taking, alcohol abuse, truanting and sexting put children in danger. Our staff are aware safeguarding issues manifest themselves via peer on peer abuse. This is most likely to include, but not limited to: bullying (including cyber bullying), gender-based violence/sexual assaults and sexting. Our staff are clear as to the school or school's policy and procedures with regards to peer on peer abuse.

FEMALE GENITAL MUTILATION (FGM): This comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

Circumstances / symptoms that may point to FGM happening:

- A child talking about getting ready for a special ceremony; a child's family taking a long trip abroad
- A child's family being one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan);
- Knowledge that a sibling has undergone FGM; a child talking about going abroad to be 'cut' or to prepare for marriage; Difficulty in walking, sitting or standing; spending lengthier time in the bathroom/toilet than usual;

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

- Unusual behaviour after a school absence/reluctance to undertake usual medical examinations and
- Asking for help, but not detailing the problem in full due to fear or embarrassment.

Mandatory reporting duty: Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining children, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still consider and discuss any such case with the school or school’s designated safeguarding lead and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

HONOUR-BASED VIOLENCE: So-called ‘honour-based’ violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of so-called HBV are abuse (regardless of the motivation) and should be handled and escalated as such. If in any doubts staff should speak to the designated safeguarding lead. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

Indicators of Honour-based violence: Guidance on the warning signs that FGM or forced marriage may be about to take place, or may have already taken place, can be found on pages 38-41 of the Multi agency statutory guidance on FGM (pages 59-61 focus on the role of schools and schools) and pages 13-14 of the Multi-agency guidelines: Handling case of forced marriage.

Actions if HBV is suspected: If staff have a concern regarding a child that might be at risk of HBV they should activate local safeguarding procedures, using existing national and local protocols for multiagency liaison with police and children’s social care. In the social context of the school or school, it is normal to ask about a noticeable injury. The response to such an enquiry is generally light-hearted and detailed. So, most of all, concern should be increased when: the explanation given does not match the injury; the explanation uses words or phrases that do not match the vocabulary of the child (adult’s words); no explanation is forthcoming; the child (or the parent/carer) is secretive or evasive or the injury is accompanied by allegations of abuse or assault. **We become concerned if the child or young person** is reluctant to have parents/carers contacted; runs away or shows fear of going home; is aggressive towards themselves or others; flinches when approached or touched; is reluctant to undress to change clothing for sport; wears long sleeves during hot weather; is unnaturally compliant in the presence of parents/carers; has a fear of medical help or attention or admits to a punishment that appears excessive.

FORCED MARRIAGE: Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. Schools and schools can play an important role in safeguarding children from forced marriage. The Forced Marriage Unit has published Multi-agency guidelines, with pages 32-36 focusing on the role of schools and schools. School and school staff can contact the Forced Marriage Unit if they need advice or information. Contact: 020 7008 0151 or email: fmu@fco.gov.uk.

PRIVATE FOSTERING ARRANGEMENTS

A private fostering arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child’s parents. It applies to children under the age of 16 or 18 if the child is disabled. Children looked after by the local authority or who are placed in residential schools, children’s homes or hospitals are not considered to be privately fostered. Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.

Saint Christina’s is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

Saint Christina's recognise that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country. By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify children's services as soon as possible. However, where a member of staff becomes aware that a pupil may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify RBKC Children's Services of the circumstances.

DOMESTIC ABUSE: The Home Office define domestic abuse as: *"Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence and abuse between those aged 16 or over, who are or have been intimate partners or family members regardless of gender and sexuality"*.

Significant harm from domestic abuse can include: physical violence, emotional abuse, sexual abuse, and financial abuse. If a member of staff is concerned that domestic abuse is occurring within a family or relationship they should inform the DSL who will consider a referral to MASH or Children's Services and/or the Police as necessary. If a child has disclosed witnessing domestic violence or it is suspected that the child may be living in a household that is affected by family violence, this will be referred to the DSL as a safeguarding issue. In circumstances where there have been 3 known incidents of domestic abuse, a referral must be made to MASH. Repeated patterns of non-physical behaviour (coercive and controlling behaviour) within relationships is considered a criminal offence capable of prosecution. For the offence to apply, criteria must be met.

BULLYING - *Please also refer to our anti-bullying policy which sets out our procedures in order to prevent bullying and to deal with it if and when it occurs within the school.* This may be defined as deliberate, repeated (systematic) aggressive verbal, psychological or physical conduct by an individual or group against another person or persons. Very often bullying is the act of oppressing or dominating by threat or force where the aggressor may persecute or tease physically or morally in order to frighten into action or inaction. Bullying can include:

- Physical: pushing, hitting, kicking, pinching etc.
- Verbal: name-calling, spreading rumours, constant teasing and sarcasm
- Emotional: tormenting, ridiculing, humiliating, ignoring
- Racial: taunts, graffiti and gestures; Religious / cultural
- Sexual, sexist or homophobic: unwanted physical contact or abusive comments
- Cyber-bullying: through social networking websites, mobile phones and text messages, photographs and email

Signs that may indicate bullying:

- Behavioural changes such as reduced concentration, becoming withdrawn, depressed, tearful, emotionally up and down, reluctance to go to school etc.; a marked drop off in performance at school
- Physical signs such as stomach aches, headaches, difficulties in sleeping, bingeing on food, cigarettes or alcohol and a shortage of money or frequent loss of possessions.

SELF-HARM AND SUICIDAL BEHAVIOUR: Self-harm can be deliberate with the aim of a child just causing themselves an injury, attempted suicide which does not result in end of life or a successful attempt to end life resulting in death. Majority of self-harmers keep it a secret that goes undiscovered, finding it is the only way to express their feelings. Children self-harm for many reasons including: being bullied both at school or online, mental health issues, eating disorders, domestic abuse, any type of child abuse, parental conflict and bereavement. The signs of the distress the child may be under can take many forms and can include:

- cutting behaviours and self-poisoning, other forms of self-harm, such as burning, scalding, banging, hair pulling; not looking after their needs properly emotionally or physically;
- direct injury such as scratching, cutting, burning, hitting yourself, swallowing or putting things inside;
- staying in an abusive relationship, taking risks too easily, eating distress (anorexia and bulimia);
- addiction for example, to alcohol or drugs and low self-esteem and expressions of hopelessness.

During a disclosure of self-harm staff should check whether the child has ingested anything or has anything on their person that could cause damage or harm. Any concerns from staff members should be referred to the DSL, as an early help assessment may need to be completed to involve services that can help, or in the case of significant harm a referral can be made to Children's Services.

RADICALISATION: KCSIE define radicalisation as 'the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, including democracy, the rule of

Saint Christina's is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.’ There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. It can happen in many different ways and settings. Specific background factors may contribute to vulnerability which are often combined with specific influences such as family, friends or online, and with specific needs for which an extremist or terrorist group may appear to provide an answer. The internet and the use of social media in particular has become a major factor in the radicalisation of young people.

APPENDIX 2 – MAIN RESPONSIBILITIES OF THE DSL, DEPUTY DSL, TRUSTEES AND THE HEADTEACHER:

Designated Safeguarding Lead (DSL) and Deputy DSL: They are members of the school’s senior leadership (SLT) with the status and authority to carry out the duties of the posts of DSL/Deputy DSL and /Deputy Prevent Officers. A detailed list of responsibilities for the DSL/Deputy DSL is given in Appendix 2. The Deputy DSL will act as DSL in their absence and otherwise will carry out safeguarding tasks and duties as specified by the DSL in accordance with the details set down below

The core responsibility of the DSL, who is a member of the SLT, is to take **lead responsibility** for safeguarding and child protection maintain an overview of safeguarding within the school, to open channels of communication with local statutory agencies and to monitor the effectiveness of policies and procedures in practice. This is explicit in the job description. The DSL, who has the status and authority within the school to carry out the duties of the post is given the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and interagency meetings – and/or to support other staff to do so – and to contribute to the assessment of children. If the DSL is unavailable, these duties will be carried out by the Deputy DSL:

Managing Referrals includes: The DSL is expected to refer cases of suspected abuse to the local authority children’s social care as required;

- the LADO for child protection allegations which concern a member of staff or volunteer,
- the Disclosure and Barring Service where a person is dismissed or left due to risk/harm to a child and/or the police if a crime may have been committed;
- support staff who make referrals to local authority children’s social care and the Channel programme;
- refer cases to the Channel programme where there is a radicalisation concern as required;
- to liaise with the Chair for Safeguarding Issues and all Trustees along with informing SLT and key staff, alongside the LADO (via weekly SLT meetings, staff updates where applicable);
- keep staff aware of child protection procedures and ensure staff are alert to changes in children’s behaviour which could indicate that they may be in need of help or protection.

Work with others: The designated safeguarding lead is expected to:

- Liaise with the Headteacher regarding issues especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. Additionally, the DSL will liaise with the local authority in order to obtain ‘early help’ and support for children in accordance with Section 17 Children Act 1989.
- As required, liaise with the “case manager” (as per Part four) and the designated officer(s) at the local authority for child protection concerns (all cases which concern a staff member); and liaise with staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies. Act as a source of support, advice and expertise for staff.

Undertake training, which includes: the DSL and deputy DSLs undergo training specific to be updated every 2 years. In addition, they refresh their knowledge and skills in order to keep up with any developments relevant to their role (this might be through e-bulletins, meeting other DSLs or reading new safeguarding developments) in order to:

- understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments;
- have a working knowledge of how local authorities conduct a child case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so;
- ensure each member of staff has access to and understands the school’s child protection policy and procedures, especially new and part time staff; are alert to the specific needs of children in need, those with special needs and young carers; are able to keep detailed, accurate, secure written records of concerns and referrals;

Saint Christina’s is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. It is our aim that all children fulfil their potential

- understand and support the school or school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation;
- obtain access to resources and attend any relevant or refresher training courses and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

Raise Awareness, which includes:

- ensuring the school's child protection policies are known, understood and used appropriately;
- ensuring the school's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this;
- ensuring the policy is made available publicly and parents being made aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this; linking with the local SSCB to make sure staff are aware of training opportunities and the latest local policy of safeguarding;
- following up unexplained absences of any child with a telephone call from the School on the morning of the first day of absence and raising awareness of the needs of children including those with special educational needs or disabilities, lesbian, gay, bisexual and transgender (LGBT) children.

Child protection File: Where children leave our school, we ensure their child protection file is transferred to the new school as soon as possible. This will be transferred separately from the main child file, ensuring secure transit and a conformation of receipt should be obtained.

Governors/Trustees): The Governors/Trustees, who receive from the DSL a safeguarding report at each meeting has a corporate responsibility for all safeguarding matters relating to the children of the school. This includes specific responsibilities for ensuring that all who are employed, supply services or volunteer at the school, are informed of the content of this policy and any reviews and updates. To this end, the Governors will:

- liaise with the senior leadership of the school, the DSL and Deputy DSL, holding them to account on matters relating to safeguarding and also liaise with the SSCB and LADO as and when required by this policy;
- with the DSL, jointly produce the written annual review and report where the minutes are sufficiently detailed to demonstrate both the breadth and the depth of the review;
- check the staff's understanding and implementation of the policy, ensuring that they are all aware of the referral process and how to implement safeguarding protocols; monitor the policy, procedures and the efficiency with which they are implemented;
- ensure that there are clear job specifications for the DSL and Deputy DSL who have the knowledge, skills and understanding necessary to keep safe children who are looked after by a local authority;
- find out, on each visit to the school, if the policy is known in practice by talking to a number of staff and volunteers right across the school to see if they would know who to go to in the case of a suspected abuse and what they would do in terms of comments they might make to the child;
- review how children are taught about safeguarding, including online, through the curriculum and PSHEE;
- ensure the school contributes to interagency working in line with the Working Together to safeguard children (WT) (HM Government: March 2015) through effective communication and cooperation with local agencies.

The Headteacher, who is the DSL, will:

- ensure that the safeguarding and child protection policy and procedures adopted by the Governors are implemented and followed by all staff;
- allocate sufficient time and resources to enable the DSL and Deputy DSL to carry out their roles effectively, including the assessment of children and attendance at strategy discussions and other necessary meetings;
- ensure that all staff feel able to raise concerns about poor or unsafe practice and that such concerns are handled sensitively. Reporting wrongdoing by staff in the workplace that does not involve safeguarding and welfare of children is dealt with in accordance with the school's Whistleblowing procedures;
- provide immunity from retribution or disciplinary action against staff in the event of them 'whistleblowing' in good faith; ensure that child's safety and welfare are addressed through the curriculum and

- be able to understand safer recruitment procedures and processes and deal with allegations against members of staff and volunteers.

APPENDIX 3 - THE ROLE OF THE LOCAL AUTHORITY DESIGNATED OFFICER (LADO)

The role of the LADO is set out in *Working Together to Safeguard Children (2015)* and is governed by the Authorities duties under section 11 of the Children Act 2004 and SSCB Inter-Agency Policy and Procedures. This guidance outlines procedures for managing allegations against people who work with children who are paid, unpaid, volunteers, casual, agency or anyone self-employed.

The LADO must be contacted within one working day in respect of all cases in which it is alleged that a person who works with children has: behaved in a way that has harmed or may have harmed a child; possibly committed a criminal offence against or related to a child; or behaved towards a child or children in a way that indicates they may pose a risk of harm to children.

There may be up to three strands in the consideration of an allegation: These area police investigation of a possible criminal offence; enquiries and assessment by children's social care about whether a child is in need of protection or in need of services and consideration by an employer of disciplinary action in respect of the individual.

The LADO is responsible for:

- Providing advice, information and guidance to employers and voluntary organisations around allegations and concerns regarding paid and unpaid workers.
- Managing and overseeing individual cases from all partner agencies; ensuring the child's voice is heard and that they are safeguarded.
- Ensuring there is a consistent, fair and thorough process for all adults working with children and young people against whom an allegation is made. Monitoring the progress of cases to ensure they are dealt with as quickly as possible.
- Recommending a referral and chairing the strategy meeting in cases where the allegation requires investigation by police and/or social care.

The LADO is involved from the initial phase of the allegation through to the conclusion of the case. The LADO is available to discuss any concerns and to assist the school in deciding whether there is a need to make a referral and/or take any immediate management action to protect a child.

APPENDIX 4 - WHAT TO DO IF YOU ARE WORRIED A CHILD IS BEING ABUSED OR NEGLECTED

Member of staff has concerns about a child’s welfare (including children in need and children at risk)

Be alert to signs of abuse and question unusual behaviours

Where a young person discloses abuse, or neglect

- Listen; take their allegation seriously; reassure that you will take action to keep them safe.
- Inform them what you are going to do next. Do not promise confidentiality
- Do not question further or approach/inform the alleged abuser

Discuss concerns with Mr Simon Hirst (Deputy Headteacher) who is the (Designated Safeguarding lead for the School)

The **Safeguarding Lead** will consider further actions required, including consultation Westminster Children’s Services, immediately (number below) or the police if a crime has been committed, immediately. Concerns and discussion, decisions and reasons for decision should be recorded in writing by agency /organisation. In **exceptional** circumstances or in the absence of a safeguarding lead the individual may contact children’s social care directly.

Still have concerns: refer to Westminster

No longer has safeguarding concerns

Children Social Care (CSC) Duty Line

Office hours: 9.00am – 5.00pm Monday to Friday. Telephone: 020 7641 4000. If the child is at immediate risk dial 999 and ask for police assistance

Out of hours Contact
Emergency Duty Team
on **020 7641 6000**

Additional / unmet
needs

Westminster Children’s Service

1. Acknowledge receipt of referral and decide on next course of action (within one working day)
2. Feedback decision to referrer e.g.:
 - Further Assessment including
 - Child protection enquiries/Strategy Discussion
 - No further action required for Children’s Social care **and Early Help assessment recommended**
 - Referred to other agency for service provision

Consult with family and relevant agencies and undertake a Common Assessment (Early Help CAF) and Team around the Child meetings.

MAKING A DECISION

Further guidance on making a decision is provided in the Children's Social Care, Thresholds and Practice Standards, available at: Telephone: 020 8753 3914 or in writing to LSCB c/o 3rd Floor, (Pink Zone), Kensington Town Hall, Horton Street, London, W8 7NX. Website: <https://www.westminster.gov.uk>

IF YOU HAVE ANY DOUBT ABOUT MAKING A REFERRAL OR SEEKING ADVICE IMMEDIATELY TELEPHONE: Westminster Duty Line – 020 7641 4000 Out of hours – 020 7641 2388 020 7641 4000 Out of hours – 020 7641 2388

APPENDIX 5 - ALLEGATIONS AGAINST ADULTS/ STAFF/VOLUNTEERS

Risk of Harm to children

If you become aware that a member of staff/volunteer may have:

Behaved in a way that has harmed a child, or may have harmed a child;
Possibly committed a criminal offence against or related to a child or
Behaved towards a child or children in a way that indicates they may pose a risk of harm to a child

Report immediately to Mr Simon Hirst (DSL), Deputy Headteacher

Any concern or allegation against the DSL or Governors will be reported to the LADO Kembra Healy on 0208 753 5125 (direct line) unless there is clear evidence to prove that the allegation is incorrect. In cases where the allegation is not against the DSL/Headteacher/Trustee/Governor the Headteacher must:

Report the allegation within one working day to the Local Authority Designated Officer (LADO) team:

on 0208 753 5125 or 0207 641 7668. The Head of Safeguarding is Sarah Mangold and can be contacted on 07984 016 841.

The RBKC out of hours' duty line is: 0207 361 3013

The LADO will:

1. Consider the relevant facts and concerns regarding the adult and child or children, including any previous history
2. Decide on next course of action - usually straight away, sometimes after further consultation with other multi-agency parties such as the Police and HR.

If the allegation threshold is NOT met, the LA Designated Officer will agree with you an appropriate response

(e.g. for the agency to undertake further enquiries or undertake an internal investigation)

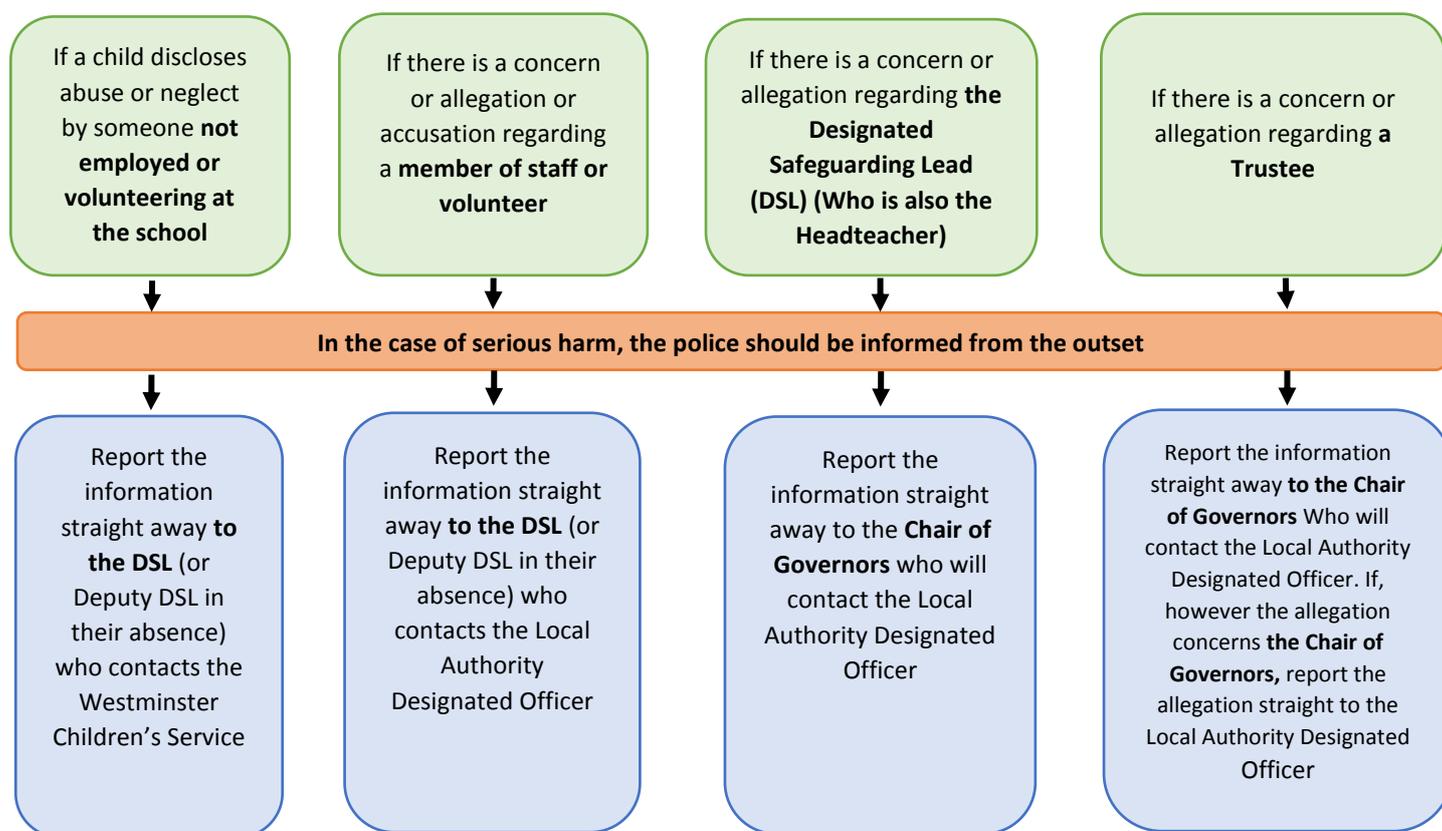

If the allegation threshold is met a strategy meeting will normally be held either by phone or in person. Normally a senior manager / safeguarding lead, the LA Designated Officer, HR, Police and social care are invited to attend. Relevant information is shared, risks to children are considered and appropriate action agreed –e.g. child protection and other enquiries, disciplinary measures or criminal proceedings. A record of the meeting will be made, and regular reviews will take place until a conclusion is reached.

Keeping Children Safe in Education (DfE: September 2016) makes it clear that anybody can make a direct referral to Children’s Social Care (CSC) including the LADO and other external agencies.

APPENDIX 6 - SAFEGUARDING CONCERNS OR ALLEGATION OF ABUSE ON A CHILD
A FLOWCHART FOR ALL STAFF, VOLUNTEERS AND GOVERNORS/TRUSTEES

The following safeguarding procedures apply where you become aware a member of staff/volunteer has, or a child discloses to you that an adult has behaved in a way that has or may have harmed a child; possibly committed a criminal offence against or related to a child or behaved towards a child or children in a way that indicates they may pose a risk of harm to a child.

Keeping Children Safe in Education (DfE: September 2016) makes it clear that anybody can make a direct referral to Children’s Social Care including the LADO and other external agencies.

Co-operation with the Local Authority: We cooperate entirely with any investigation carried out by the Local Authority, including those involving the LADO, in conjunction with the police. Our policy is in accordance with the guidance provided in KCSIE (DfE: September 2016) paragraphs 141 – 147.

Availability: During term time, the DSL (or deputy DSL) should always be available during school hours for staff to discuss any safeguarding concerns. Our school will organise adequate and appropriate cover arrangements for any out of hours/out of time activities and also during school holidays.

APPENDIX 7 – WHEN A YOUNG PERSON DISCLOSES ABUSE OR NEGLECT, A FLOW CHART FOR ALL STAFF, VOLUNTEERS AND GOVERNORS

The following sequence of events should be adhered to:

Create a safe environment

Create a safe environment by offering the child a private and safe place if possible. Stay calm and reassure the child and stress that he/she is not to blame. Tell the child that you know how difficult it must have been to confide in you.

Listen

Listen to what the child has to say and take them seriously; reassure the child but advise that you cannot promise to keep a secret. Do not make promises you cannot keep. If there is a requirement for immediate medical intervention, assistance should be called for. Tell the child what you are going to do next after the disclosure. Depending on circumstances the child may then return to class or be offered time out of class with support from the DSL.

Talking to the child

When talking to the child, do not interview the child and keep questions to a minimum. Do not display shock or disbelief. Encourage the child to use his/her own words and do not ask leading questions, interrupt their dialogue, or make assumptions which might give particular answers. Do not repeat the disclosure over and over.

Record

Record in detail the circumstances and timings of the disclosure including the nature and extent of any injuries, explanations given by the child and the action taken (which may be used in any subsequent court proceedings), within 24 hours of the disclosure. Record the child's name, address and date of birth along with the child's behaviour, emotional state.

Do not take responsibility

- Only tell those people that it is necessary to inform.
- Do not try to investigate the allegation yourself.
- Immediately consult our Designated Safeguarding Lead so that any appropriate action can be taken to protect the child if necessary.
- The Designated Safeguarding Lead will consider the information and decide on the next steps.
- Do not approach or inform the alleged abuser.

APPENDIX 8 - A CHILD PROTECTION GUIDE -CUE CARD

A Child Protection Guide - A Cue Card

We are committed to safeguard and promoting the welfare of all at our school.

A code of good practice for staff and volunteers designed for you to keep with you – Carry it.

A Code of Practice is intended to provide a readily accessible reference promoting the principle of our Child Protection Policy.

What happens if:

You suspect a child is being abused or neglected:

1. Immediately inform the Designed Safeguarding Lead (DSL).
2. Record and date any facts which are relevant to your concern and pass these onto the DSL.
3. Do not investigate the issue yourself.

A child discloses to you abuse by someone else

1. Allow the child to speak without interruptions, accepting what is said and without investigating further or asking leading questions.
2. Reassure the child that 'it is not their fault' and that they were right to tell you.
3. Record in the child's own words details of the disclosure and refer this immediately to the DSL. Do not investigate the issue yourself.

You receive an allegation about a member of staff or yourself

1. Immediately inform the DSL of the allegation.
2. Record and date the details of the allegation in writing.

Do treat everyone with respect

Do provide an example of behaviour you wish others to follow

Do plan activities which involve more than one other person being present, or at least which are within sight or hearing of others

Do respect a young person's right to personal privacy

Do provide access for young people to talk to others about any concerns they may have.

Do recognise, and allow for, the special needs of young people with disabilities and learning difficulties

Do encourage young people with disabilities and learning difficulties

Do encourage children and adults to point out attitudes and behaviour that they do not like

Do avoid inappropriate physical or verbal contact with young people

Do remember that someone else might misinterpret your actions

Do respect the cultural, religious and ethnic backgrounds of others

Do recognise that caution is required even in sensitive moments of counselling

Do avoid situations that compromise your relationship with young people

Do NOT permit abusive peer activities (e.g. bullying racism or others)

Do NOT judge or jump to conclusions about others

Do NOT show favouritism to any individual

Do NOT be drawn into attention seeking behaviour, such as crushes/tantrums

Do NOT make inappropriate remarks or gestures

Do NOT rely on good reputation

Do NOT believe 'it could never happen to me'

Do NOT interview or meet with children in private or outside of school

Do NOT let concerns or allegations of abuse go unrecorded

Do NOT play physical contact games with young people.

APPENDIX 9 - REFERRAL GUIDANCE

REASONS WHY SOME PEOPLE HESITATE TO REPORT ABUSE

The following list contains a range of reasons why people commonly hesitate to report abuse. It is provided for information but be aware that none of these reasons is a justification for failing to report a child protection concern or disclosure.

- The child asks you to keep silent – keep a secret
- Fear of breaking up the family, of exposing the child to further abuse, or breaking a trusting relationship with child/family
- Painful memories of your own abusive experiences;
- Fear of reprisals to yourself/your children/family, or presenting evidence in court
- Afraid of misinterpreting or overreacting to the situation. Assuming another agency is dealing with the problem
- The 'rule of optimism' – everything will work out OK. Assuming one parent/carer will protect
- Believing the child is fantasising/lying. Being persuaded by the child's retraction
- Allowing a temporary improvement in the child's situation to distract you from the reality of continuing abuse
- Being unable to comprehend the unbelievable nature of the disclosure; not understanding procedures

WHY CHILDREN CAN'T TELL ABOUT ABUSE

- Threats from abuser – withdrawal of 'favour or physical threats – may be implicit, derived from abuse of power
- Threats from peers also involved in abuse and may think s/he is to blame and fear arrest.
- Fear the loss of the child's world – family, school etc.
- May be emotionally dependent on abuser.
- May have compartmentalised abuse
- Thinks that they won't be believed having a low sense of self-esteem makes disclosure difficult
- May not realise sexual abuse is a crime – thinks its normal, not wish to betray abuser
- May fear exposure and particularly public exposure
- May be ambivalent about sexual identity or feel guilty about taking part in abuse
- Lack of faith in justice system particularly for children with disabilities and from ethnic minorities
- Hasn't got adult permission to tell. Lack of appropriate language skills.

WHY REFER?

- Children have the right to be safe. Adults have a responsibility to protect children because abuse is damaging.
- Child abuse exists in a world of secrecy and silence – the cycle of abuse has to be broken
- You only have one small piece of a jigsaw.
- Children rarely lie about abuse.
- An abuser may well abuse many other children who also have a right to protection.

APPENDIX 10 - TRI-BOROUGH CONTACTS FOR SAFEGUARDING AND CHILD PROTECTION
(WHICH EXPANDS ON THOSE ABOVE ON PAGES 3, 4 AND 15 THE APPENDICES)

The telephone numbers of the Royal Borough of Kensington and Chelsea children's social care department are as follows:
